

Jashua B. OBINA

OBJECTIVES

As a recent graduate with a Bachelor of Science in Information Technology from Panpacific University, I am eager to apply my technical knowledge and problem-solving skills in a dynamic work environment. I am seeking an entry-level position where I can contribute to IT solutions, enhance my skills, and grow professionally while supporting the goals of the organization.

SKILLS

- Frontend : HTML, CSS, React
- Backend : Node.js (Express)
- Databases : MongoDB, MySQL
- Other Skills : Computer System Troubleshooting

EXPERIENCE

CCTV TECHNICIAN (PART-TIME) at *Urdaneta City, Pangasinan.*
2023.05–2023.07

◇ Installed, maintained, and repaired CCTV systems for residential and commercial clients; troubleshoot system issues, including connectivity problems and camera malfunctions; provided technical support and training to clients on using and managing their CCTV systems.

INTERN at *Panpacific University (Urdaneta City, Pangasinan).*
2024.02–2024.04

◇ Assisted in the development of an E-Library system using MongoDB, Express.js, React, and Node.js; collaborated with team members to design and implement features such as user authentication, book search, and more; gained hands-on experience in full-stack web development, version control (Git), and application deployment.

DEVELOPER INTERN at *When In Baguio Inc. (Baguio City, 2600, Philippines).*
2025.06–2025.09

◇ Designed and customized a responsive webpage using Elementor, focusing on user-friendly layouts and accessibility; debugged and tested a Flutter application, and published it on Google Play Console and Apple App Store; collaborated in developing WIB (When in Baguio) Attendance System using the MERN stack; implemented system features like automated employee reports for efficient attendance tracking; troubleshoot laptops and printers.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY. *Panpacific University.*
2022.09–2025.10

◇ Achievements: Research Conference Presenter (July 2025), Innovator of the Year Awardee (Oct. 2025).

PROJECTS

Interactive Human Anatomy System Capstone Project - Panpacific University Collaborated on a full-stack web application using the MERN stack to create an interactive system for exploring human anatomy. This project was designed for nursing students at Panpacific University. Check the project: [GitHub Repository](#)

WIB Attendance System When in Baguio Inc. Contributed to a comprehensive full-stack web application for employee management and internal communication. The system was split into multiple repositories for better scalability and maintainability. Check the project: [GitHub Repository \(Backend\)](#) Check the project: [GitHub Repository \(Frontend\)](#)
